

Toilet Service Vehicle

• **Technical Data's Type TSL**

•Chassis	10 t
Waste tank capacity	3.500
Water tank capacity	1.700
Disinfectant tank capacity	100 l - 200
Water pump:	output approx. 100l/min. Water pressure adjustable up to 4 bar
Vacuum pump	air flow up to 490 m ³ /h oil hydraulically driven
Lift platform	telescopic hydraulically upwards lifting height up to 3,00 m carrying capacity 200 kg
Disinfectant admixing rate	adjustable till 10%
Glycol admixing rate	adjustable till 10%
Waste tank draining	Ø 150 mm - Ø 250 mm , pneumatically actuated
Height of superstructure	max. 1.650 mm
